

Stainless Steel Scrub Sinks

Quality Scrub Sinks for Every Clinical Need

Quality Stainless Steel Scrub Sinks for Every Clinical Need

Skytron Stainless Steel Scrub Sinks provide quality, convenience and flexibility for every clinical need. Scrub Sinks are available with knee-kick and/or optional infrared module for “hands-free” operation. Choose from single, double or triple bay configurations.

The Knee Kick (-MK) panel is 16” long and 8-1/2” high and is centered to the faucet for left or right knee operation.

The Infrared Module (-IRM) provides hands-free operation while also conserving water usage.

Single Bay with optional Infrared Module (SS2121-MK-IRM)

Double Bay with optional Infrared Module (SS2122-MK-IRM)

Triple Bay with optional Infrared Module (SS2123-MK-IRM)

Deck Mounted Mixing Valve for Optimal Temperature Control

A highly visible, deck mounted mixing valve provides optimal temperature control. Deep sloped sink design minimizes backsplash, while plexiglass splash dividers prevent cross-bay contamination. High quality gooseneck faucet(s) create wide, “rosette-style” spray or steady stream dependent upon user preference. Large 1-1/2” drain(s) promote fast and efficient water drainage for every scrub cycle.

Key features include:

- Deep Sloped Sink
- Knee Kick
- Heavy Gauge Stainless Steel
- Plexiglas Splash Divider
- *Optional* Infrared Module
- Deck Mounted Mixing Valve

Additional Stainless Steel Products

Skytron Stainless Steel Warming Cabinets, Storage Cabinets and Nurse Documentation Centers are constructed of high quality stainless steel and provide user-friendly features as presented below.

Warming Cabinets

Dual Glass Door Warming Cabinet

Counter Top Glass Door Warming Cabinet

Single Solid Door Warming Cabinet

Counter Top Solid Door Warming Cabinet

Dual Solid Door Warming Cabinet

- Illuminated Digital Temperature and Power Controls for Each Compartment
- Recirculating Fan in Each Compartment
- Double-Paned, Tempered-Glass Doors
- Free-Standing or Counter-Top Models Available
- 25-1/2" Deep Cabinets

Storage Cabinets (Recessed or Free-Standing) & Nurse Documentation Centers for O.R. Integration

Free-Standing Cabinetry

Recessed Cabinetry

*48" NDC
(Nurse Documentation Center)*

- Free-Standing, Recessed or Recessed Pass-Through
- Tempered-Glass or Solid Stainless Steel Doors (Hinged or Sliding)
- Shelves, Drawers or Combination Units
- Desk Units Include Overhead Light
- Available in Standard or Custom Configurations
- Nurse Documentation Centers (NDCs)
