

# Stainless Steel Storage Cabinets

*Quality Cabinets Configured  
to Meet Every Clinical Need*

# Nurse Document & Communication Centers

*72" Wide Nurse Document & Communication Center  
(SSNDC-72-L)*

*48" Wide Nurse Document & Communication Center  
(SSNDC-48)*

## **Features:**

Nurse Document and Communication Centers provide a universal control hub for advanced video and communications integration and other technologies both within and outside the Operating Room, *optional* teleconferencing, surgical and room lighting control and more. Phone, computer, video and electrical junction boxes are provided at convenient access points throughout the cabinet. A pull out, stow away shelf is built within the base design to permit the circulating nurse to face the surgical field during every surgical case.

## **Options:**

Sloped tops, bases, trim kits, extra shelves, monitor mount arms and more are available to be added to the base design as required to best meet clinical needs.

*Product Technical Specifications for Specific Models Provided Separately.*
